EXTEND RATE FUNCTIONALITY

in

If the commercial condition of the contract* allows you to extend the rate, the specific icon will be displayed as available. It is configured at contract level and it enables the option to extend the dates for a specific rate. The extension is based on the contract details (rates, availability, release, supplements, discounts, cancelation policy) from previous year

** If the option is not active, please check with your Hotelbeds account manager if the commercial conditions for that rate are allowing the date extension*

The screenshot shows the MaxiRoom interface for 'Pruebas Hotel E10 35 (Majorca) - 638121'. The 'INVENTORY' menu is highlighted in the top navigation bar. On the left, the 'RATES & AVAILABILITY' sidebar has 'Rate list' selected. The main content area displays a list of rates with various action icons. The 'Extend Rate' icon (a double-headed arrow) is highlighted in red for the first three rates: CG-BAR-21-NRF, TES-CQC, and TEST-CQC2.

A screenshot of the 'EXTEND' functionality interface in MaxiRoom. The interface is titled 'EXTEND' and shows a 'CONTRACT' section with 'TEST QC'. Below this, there is an information icon and a note: 'All contract conditions are linear; Same dates and conditions for the duration of 1 year. With a maximum of 4 years from the current date.' The 'EXTEND' section includes 'From*' and 'To*' date pickers, with '01/01/2022' and '12/31/2023' selected. Below this is the 'INCREASE / DECREASE' section, which has a radio button for '1q' (selected) and a radio button for 'Percentage'. There are two checkboxes for room types: 'DOUBLE OR TWIN OJO DE HALCON CAPACITY 2 - (DBT/ST)' and 'DOUBLE STANDARD - (DBL/ST)', both of which are checked. A 'SELECT ALL' checkbox is also present and checked. A 'SAVE CHANGES' button is located at the bottom right of the form.

- » It is one of the simplest forms in MaxiRoom.
- » You just need to choose the dates from and to for the extension, maximum 4 years from the current date.
- » Select the rooms or apply to all (default option).
- » And increase / decrease the conditions using percentage or amount option. The amount or percentage will apply to rates and all the supplements (like capacity, board..) and discounts (child discounts) based on same date from previous year.
- » The extension will not apply to the offers, exception opaque and non-refundable.
- » Availability and release will be configured with same details as previous year.
- » The Cancellation policy will be extended maintaining same restrictions (linear or per dates /season as previous year).
- » Once saved the extension is open and on sale, visible in the rate list and can be edited.
- » An email notification will be sent to your Hotelbeds commercial contact.
