WEBSITE MANUAL

INTRODUCTION

In the ever-evolving landscape of travel, we are thrilled to present our newly enhanced booking engine. Crafted with your needs in mind, this transformative tool is poised to save travel advisors time and increase earning potential as demand continues to soar. Our commitment to you is not just to streamline your workflow, but to elevate it to new heights of efficiency. Join us as we walk you through the new features designed to empower you and simplify the process of creating ad hoc travel packages to fit every client's aspiration.

Booking A TRIP

1. SEAMLESS NAVIGATION:

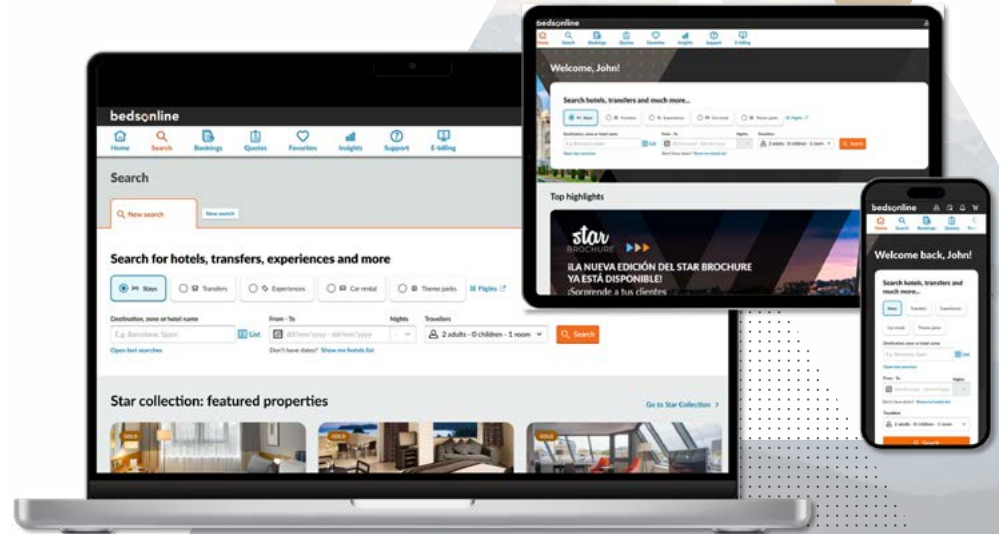

Explore our improved search page, allowing you to conduct multiple searches at once, eliminating the need to switch tabs.

2. USER FLEXIBILITY:

Whether you're on the move or at your desk, our powerful booking engine adapts to any screen, providing a consistent and user-friendly experience.

3. EFFICIENT WORKFLOW:

Save time with direct navigation from the homepage to specific tabs, streamlining the booking process for travel advisors

Searching FOR ACCOMMODATIONS

1. ITINERARY BUILDER

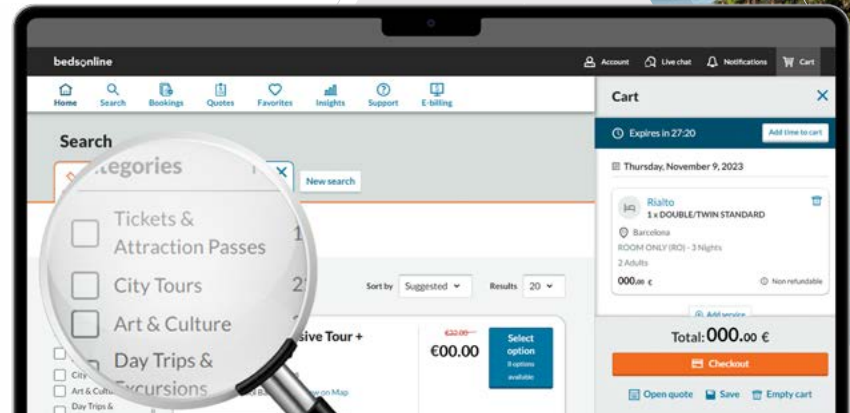

Create a complete multi-destination and product itinerary on Bedsonline by adding items to your cart. This allows you to have all your client's bookings in one place.

2. TIME-SAVING FEATURES

Revisit previous searches effortlessly using the "Open last searches" link, ensuring continuity in your booking workflow.

3. UNCERTAINLY SOLUTION

If your client is still unsure about booking, be sure to add their options to the cart. The allotment has been selling out fast, so it's best to grab that hotel or sightseeing tour now

Sorting and Comparing ACCOMMODATIONS

1. CUSTOMIZABLE SORTING

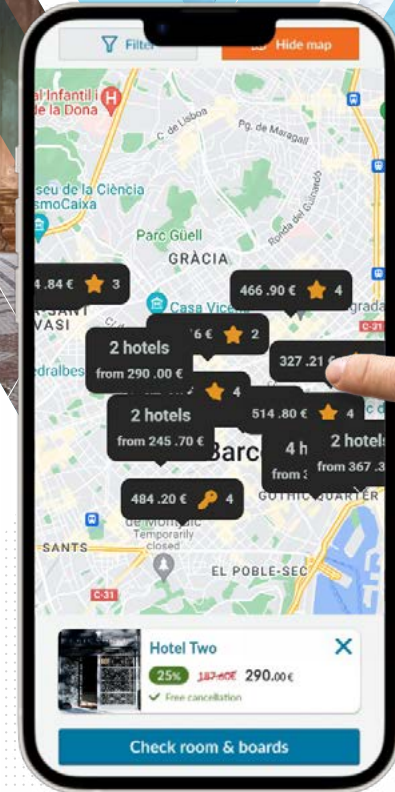

Sort results based on price, category, and opinion, providing tailored options to meet your client's preferences.

2. VISUAL COMPARISON

Utilize our interactive map for a visual overview of property locations, enhancing your ability to make informed decisions.

3. STREAMLINED DECISION MAKING

Compare accommodation easily with a side-by-side view of the map and the list of properties.

Shopping Cart and User-Friendly EXPERIENCE

1. CART VISIBILITY

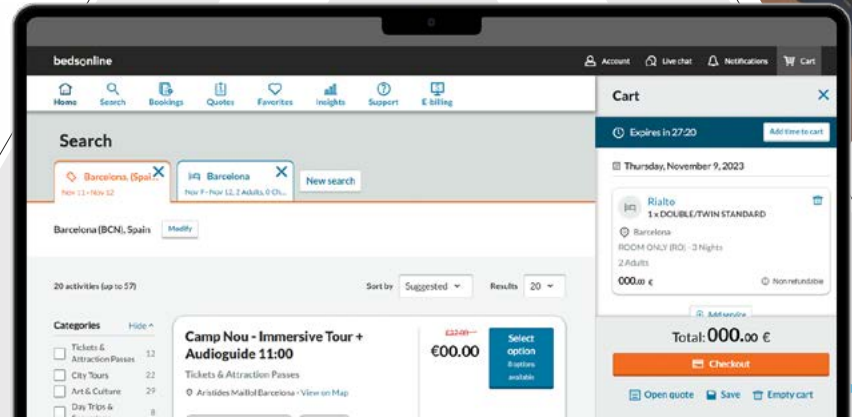

Easily locate your shopping cart on the new interface, ensuring a clear view of items and their details.

2. EXTENDED CART DURATION

Prevent time-outs by extending your cart duration, providing flexibility in finalizing bookings without starting the search again.

3. ENHANCED USER EXPERIENCE

Enjoy a more user-friendly website interface, ensuring a smooth and intuitive booking process.

Cross-Sell

THE FULL TRAVEL EXPERIENCE

1. COMPREHENSIVE PACKAGES

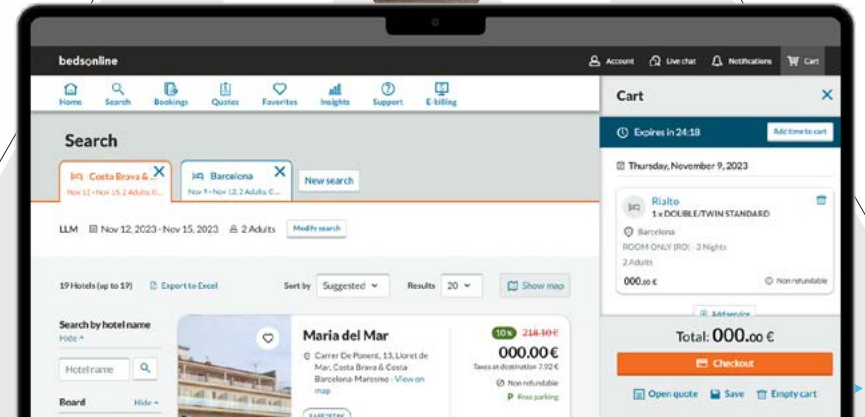

Open multiple search tabs to create a complete travel experience by adding accommodations, mobility, experiences, and more.

2. UNIFIED ITINERARY

All search tabs relate to the same itinerary, allowing for a seamless and cohesive travel package for your clients.

3. EFFORTLESS COMPLEMENTING

Easily add complementary items to your cart to craft personalized and unforgettable journeys for your clients.

Checkout and Shopping Cart ENHANCEMENTS

1. EFFICIENT CLOSURE

Simplify the itinerary closure process with the checkout option, providing a consolidated view of your shopping cart.

2. TRANSPARENT BOOKING INFORMATION

Obtain a comprehensive overview of items in your cart, including detailed booking information and cancellation policies.

3. FINALIZATION ASSURANCE

Review and add any missed items before finalizing the booking to ensure a flawless end-to-end journey for your clients.
